

**PRESS RELEASE**

**Diesel Loco Modernisation Works (DMW) Patiala , a Production unit of Indian Railways became the winner of Energy Efficiency Golden Peacock Awards .**

Institute of Directors, New Delhi presented national level Golden Peacock Trophy and certificate to DMW Patiala, a production unit of Indian Railways for bringing continuous improvements in energy efficiency and implementing various Energy Conservation techniques. This award is a prominent National level recognition in the field of energy efficiency. Every official of this production unit of Indian Railways remain always eager to use energy efficient ways.

Earlier this year, DMW Patiala was declared energy efficient unit for the second year in continuation during 21<sup>st</sup> National Energy Award held by CII Hyderabad.

Shri S. N. Dubey Principal Chief Administrative Officer of this Production Unit congratulated all officers and staff for this important achievement. With this, he also encouraged all the officers and staff to persue continuous improvement in this regard in coming years.
